IMPORTANT SAFEGUARDS

Basic safety precautions should always be followed when using electrical appliances, including the following:

1. **Read all instructions before use.**
2. Do not touch hot surfaces. Use handles or knobs.
3. To protect against electrical shock, do not immerse cord, plug or the appliance in water or any other liquid.
4. Close supervision is necessary when this appliance is used by or near children. This appliance is not intended to be used by children.
5. Unplug from outlet when not in use and before cleaning. Allow to completely cool before putting on or taking off any parts, and before cleaning.
6. Do not operate this appliance with a damaged cord or plug or after the appliance malfunctions or has been damaged in any manner. Contact the appliance manufacturer for examination, repair or adjustment.
7. The use of accessory attachments not recommended by the appliance manufacturer may cause injuries or damage to the product.
8. Do not use outdoors.
9. Do not let cord hang over the edge of a table or counter, or touch hot surfaces.
10. Do not place on or near a hot gas or electric burner, or in a heated oven.
11. Extreme caution must be used when moving the appliance containing hot water.
12. Always attach the plug to the appliance first, then plug the cord into the wall outlet. To disconnect, remove the plug from the wall outlet.
13. Do not use this appliance for other than intended use.
14. Never allow fill the water over the "FULL" mark in the 'Inner Pot' or below the "REFILL" mark on the 'Water Level Indicator', otherwise it will spill over or dry-up during boiling.
15. Do not open the top lid when water is boiling to avoid scalding by hot steam.
16. Do not fill the air pot with any substance other than water.
17. Water in the Hot Water Central will be extremely hot. Use caution when serving as hot water may cause scalding. Always test temperature before serving.
18. If making baby formula with hot water from the air pot, always add cold water as water from the air pot will be too hot for the baby. The amount of cold water needed to reach an adequate temperature will vary. Always test the temperature before serving.

SAVE THESE INSTRUCTIONS

This appliance is for household use only.

SHORT CORD INSTRUCTIONS

1. A short power-supply cord is provided to reduce the risks resulting from becoming entangled in or tripping over a longer cord.
2. Longer extension cords are available and may be used if care is exercised.
3. If a longer extension cord is used:
 - a. The marked electrical rating of the extension cord should be at least as great as the electrical rating of the appliance.
 - b. The longer cord should be arranged so that it will not drape over the counter top or tabletop where it can be pulled by children or tripped over unintentionally.
 - c. If the appliance is of the grounded type, the extension cord should be a grounding- type 3-wire cord.

POLARIZED PLUG

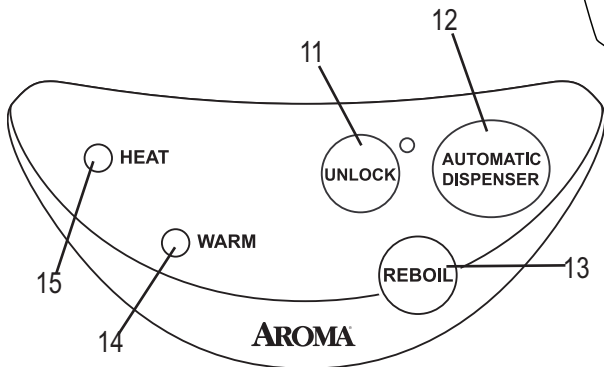

This appliance has a **polarized plug** (one blade is wider than the other); follow the instructions below:

To reduce the risk of electric shock, this plug is intended to fit into a polarized outlet only one way. If the plug does not fit fully into the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Do not attempt to modify the plug in any way.

If the supply cord is damaged, it must be replaced by the manufacturer, its service agent or a similarly qualified person in order to avoid a hazard.

This appliance is for household use only.

PARTS IDENTIFICATION

1. Lid Handle
2. Manual Dispensing Pump
3. Load/Unload Hinge
4. Pressure Pump Safety Lock
5. Handle
6. Water Level Indicator
7. Cup Switch
8. Dispensing Spout
9. Stainless Steel Inner Pot
10. Stainless Steel Inner Lid
11. Unlock Button
12. Automatic Dispenser
13. Re-boil Button
14. Warm Indicator Light
15. Heating Indicator Light

HOW TO USE

Before First Use

1. **Read all the instructions and important safeguards.**
 2. Remove all packaging materials; check that all items are received in good condition.
 3. Wash the 'Stainless Steel Inner Pot' with warm, soapy water using a sponge or dishcloth.
 4. Rinse thoroughly to remove any soapy residue.
 5. Wipe body and 'Stainless Steel Inner Lid' clean with a damp cloth.
- Ø **Do not use abrasive cleaners or scouring pads.**
- Ø **Do not immerse the appliance, cord or plug in water at any time.**

To Heat Water

1. Lift the 'Lid Handle' to open the lid. If needed, for filling purposes, the entire lid can be removed from the 'Load/Unload Hinge' on the back of lid.
2. Fill the 'Stainless Steel Inner Pot' with water anywhere between the "Full" mark in the 'Stainless Steel Inner Pot' and the "Refill" mark on the 'Water Level Indicator Window', depending on desired quantity. Properly replace the lid before heating water.
3. Attach the power cord by plugging the connector to the main body and then connect the plug to wall outlet.
4. The 'Heat Indicator Light' will illuminate and the water will automatically begin heating.
5. Once the water has come to a boil, the unit will automatically switch to the "Warm" function. The 'Heat Indicator Light' will go off and the 'Warm Indicator Light' will illuminate. It will remain in the "Warm" function as long as it is plugged in.

NOTE

If filled to the full, 3-liter capacity, water will take approximately 30 minutes to reach a boil. Smaller amounts of water will have a proportionally shorter boiling time.

Warning

- Never fill water past the "FULL" mark in the 'Stainless Steel Inner Pot' or below the "REFILL" mark on the 'Water Level Indicator', otherwise it may spill over or cause damage to the unit.
- Do not open the lid while water is boiling to avoid scalding by hot steam.
- **Never operate the Hot Water Central if the amount of water is below the "REFILL" line.**

HOW TO USE

Using the Unlock Feature

For safety reasons, this unit will automatically lock after each use. All buttons will be locked and water will not dispense.

To use the unit, press the 'Unlock Button'. The 'Warm Indicator Light' will illuminate and all buttons will function properly.

To Dispense Water

Automatically:

To automatically dispense water, first the locking feature must be disabled as instructed above. Then press the 'Automatic Dispenser' button and water will begin to pour. Water will continue to dispense as long as the button is pressed. To stop dispensing, release the button.

Manually:

To dispense water with the manual pump, move the 'Safety Lock' on the top of the lid to the "On" position and press down on the 'Manual Dispensing Pump'. Pressing down will dispense water. Repeat until desired amount of water has been dispensed.

TIP

The manual dispense option is excellent for serving, since no power is needed. Disconnect the cord and bring the hot pot to a hard surface for making and sharing favorite hot beverages with guests and family.

Cup Switch Dispensing:

To dispense using the 'Cup Switch', first the locking feature must be disabled as instructed above. Then press a cup against the 'Cup Switch' located behind the 'Dispensing Spout' (see *Diagram A*). Water will begin pouring once the switch is depressed. To stop dispensing, simply remove the cup.

HOW TO USE

To Reboil

Water may be reboiled at any time. If you wish to bring the water to a boil again, press the 'Reboil Button'. In order to use the "Reboil" function, the unit must be in the "Warming" function (the 'Warm Indicator Light' will be lit).

NOTE

- Reboil time will vary based on the amount of water being reboiled.
- **Never operate the Hot Water Central if the amount of water is below the "REFILL" line.**

HOW TO CLEAN

Always unplug the unit and allow it to cool completely before cleaning.

1. Wipe the lid and body clean with a damp cloth.
2. When the unit has cooled completely, wash the 'Stainless Steel Inner Pot' with warm, soapy water and a sponge. Rinse thoroughly to remove soapy residue. For easy cleaning, the lid can be completely removed. Properly replace the lid before next use.
3. Wipe the 'Stainless Steel Inner Lid' with a warm, damp sponge or dishcloth.

NOTE

For easier cleaning, the lid may be removed. To remove the lid, press down on the 'Load/Unload Hinge' (Figure A). Then, while holding down on the 'Load/Unload Hinge' remove the lid as in Figure B. To replace the lid, place it back into place while holding down on the 'Load/Unload Hinge'. Once it is in place, release the 'Load/Unload Hinge'.

NOTE

If you live in an area that has hard water, the 'Inner Pot' may discolor slightly. To remedy this, mix a solution of lemon juice and water, filling the 'Stainless Steel Inner Pot' up to the "Full" mark. Boil water and let soak for one hour. Repeat cleaning instructions above to remove any lemon juice residue.

Warning

- Never immerse the appliance in water or other liquid.
- This product is **NOT** dishwasher safe.

LIMITED WARRANTY

Aroma Housewares Company warrants this product free from defects in material and workmanship for one year from provable date of purchase in continental United States.

Within this warranty period, Aroma Housewares Company will repair or replace, at its option, defective parts at no charge, provided the product is returned, freight prepaid with proof of purchase and U.S. \$12.00 for shipping and handling charges payable to Aroma Housewares Company. Before returning an item, please call the toll free number below for return authorization number. Allow 2-4 weeks for return shipping.

This warranty does not cover improper installation, misuse, abuse or neglect on the part of the owner. Warranty is also invalid in any case that the product is taken apart or serviced by an unauthorized service station.

This warranty gives you specific legal rights, which may vary from state to state, and does not cover areas outside the United States.
