CLEANER • FRESHER • HEALTHIER

AIR

A photograph of a waterfall in a forest, with the word 'AIR' overlaid in large, semi-transparent letters. The waterfall is the central focus, with water cascading over rocks. The surrounding forest is dense with green trees. The overall tone is natural and serene.

Mini Dehumidifier

AROMA/SAI™

Congratulations

Welcome to the growing number of families using clean air technology.

We believe our innovative series of appliances for today's healthy home will provide truly clean air, fresh ambiance and improved comfort. Your new appliance is designed to enhance your well-being with a healthier home environment.

A home Dehumidifier is important in areas of high humidity, where moisture in the air can lead to health problems. The Mini Dehumidifier is designed to absorb moisture in small areas to help eliminate dampness, musty odors and reduces mildew from the air you breathe for a more comfortable living environment..

APPLIANCES FOR TODAY'S HEALTHY HOME

Important Safety Information

PLEASE READ ALL INSTRUCTIONS
CAREFULLY BEFORE FIRST USE.

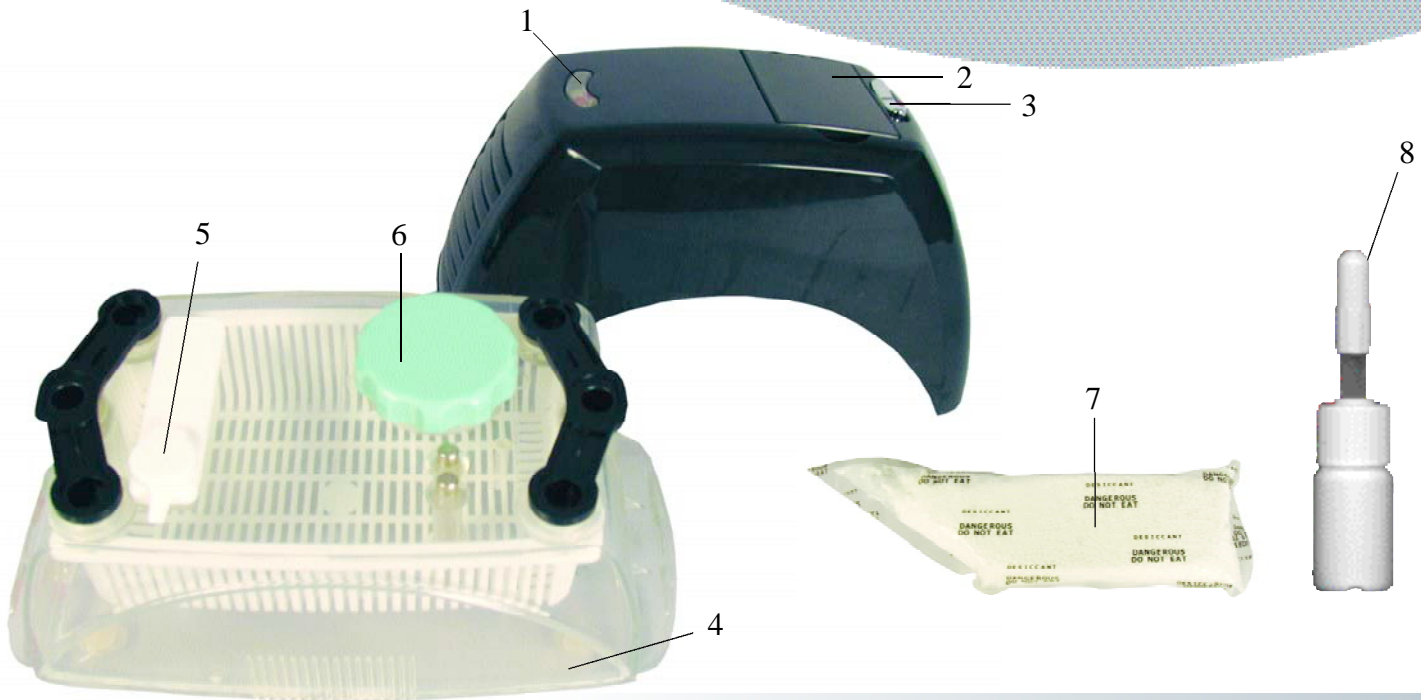

WARNING - To reduce the risk of fire, electric shock, or injury, follow these safety instructions and use only as directed:

1. Battery operated: Requires one "C" size battery (not included).
2. Do not operate device without desiccant.
3. Do not eat desiccant. Keep out of the reach of children. Harmful if digested.
4. Close container cap tightly after putting in desiccant.
5. Check spring-loaded levers before use, making sure it returns to original position (this will eliminate water spill).
6. Apply only a few drops of perfume into chamber. Too much will cause leaking.
7. Do not immerse unit in water.
8. Rinse water container thoroughly after each use.
9. Allow to air dry before storing.

SAVE THESE INSTRUCTIONS!

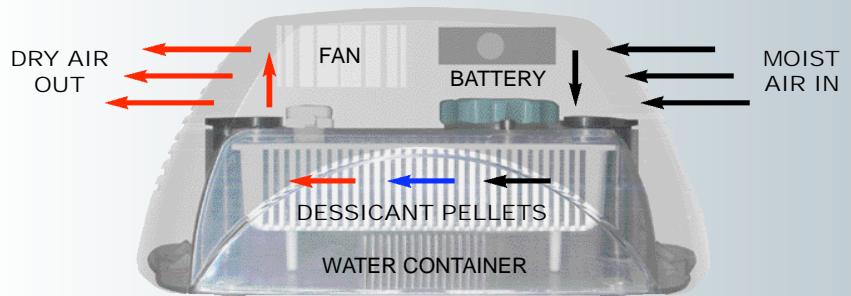

This appliance is for household use only.

Operating And Cleaning Instructions

How to Use:

1. Remove all packaging materials. Make sure items were received in good condition.
2. To install battery slide battery compartment cap and lift up. Insert one “C” size battery and replace battery compartment into top of unit.
3. Take top cover off by releasing side hook near the side of curved window.
4. Open water cap by turning it counter clockwise.
5. Pour in bag of desiccant.
6. Close water cap.
7. Take off rectangular perfume cap.
8. Add a couple drops of perfume on sponge and close cap.
9. Replace top cover.
10. Slide power knob to ‘On’ position (red dot).

Note: Unit will automatically shut off when water tank is full.

How to Clean:

1. Slide power knob to ‘Off’ position (white dot).
2. Take top cover off by releasing side hook near the side of curved window.
3. Open water cap by turning it counter clockwise.
4. Empty water and rinse container thoroughly with water, continually rinsing until all melted desiccant is removed.
5. Let air dry before storing.
